

Michelle Lombardi

After a long day, a few things are more comforting than the feeling of stepping through your home's front door. But to make sure your home is all you dream it could be, you need expert guidance – someone like Michelle Lombardi, principal designer of Home Couture Interiors. Michelle has provided interior design solutions to residential and commercial projects with over 17 years of experience. And her passion for design runs just as deep.

Michelle's design philosophy emphasizes the connection between architecture and interior decoration. The end result of her hard work are environments defined by sophisticated colour palettes, refined materials and detailing that tailor these interiors to suit her clients' desires – homes, not showrooms. As a busy professional and caring mother in a modern family, Michelle understands the importance of having a space that is as functional

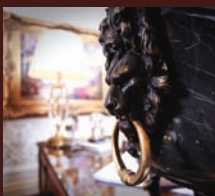

as it is fabulous, an environment that reflects your tastes and ideals, but also suits the way that you live.

That kind of balance may look effortless, but it comes from a thoughtful and educated process. Michelle has the expertise to create interior environments from traditional to contemporary, and to do so in a way that will outlive design trends. She coordinates these design efforts with an organized and well-managed team that includes top artisans and consistently exceeds clients' expectations

The process begins with you. Michelle will personally guide you throughout the design and decision-making process, to ensure outstanding results. She will select the most appropriate colours, furnishings, fabrics, window treatments, floor coverings, lighting and accessories that best incorporate your tastes and preferences. And under her experienced direction, Home Couture Interiors will exceed your expectations.
